# Attention Mr. Farmer

Why not be independent of big threshing rigs-Own YOUR OWN MACHINE, which will not only thresh your peanuts clean and in quick time, but any grain you grow, such as wheat, oats, milo maize, cane, alfalfa, peas, beans, etc.

The Southwest Mfg. Co., of Oklahoma City, offers you such a machine, built of all seed under a positive guarantee to stand up to the test of doing as good work as my of the large machines.

Remember, 3 to 5 men constitute a full crew: 6 to 8 h. p. gasoline engine ample power.

Own one of these rigs and grow more food stuffs, and make your farm declare its maximum results.

Write for descriptive literature and prices, or see Roy Pattillo, Local Dealer.

### TO OUR PATRONS

On September 19th and 20th and again on October 3rd and 4th, the Frisco will move thousands of men to the various cantonments of the National Army.

This movement is of the utmost importance to the country and must be given preference over other travel.

It will require from us every available coach including many now in regular service.

For two or three days, both before and after the above dates, there will be a shortage of cars on many of our regular trains.

We are not sparing any effort to meet the demands of our country, and we ask that you help us by bearing with patience the temperary lack of accommedations on some of our passenger trains.
